

Estwing

HAMMERTOOTH®

ESTWING'S PATENTED HAMMERTOOTH DESIGN

The perfect tool for framing.

BITES INTO 2XS

- Great for straightening all 2x boards.
- Makes work with pneumatic nailers quick and safer.
- With our patented Shock Reduction Grip.
- Forged in one piece.

Grab and Straighten!

Straighten warped or twisted boards by securing 2x lumber between the tooth and the claw of the Hammertooth and twisting. Hold the lumber in position until it is nailed.

	Order Number	UPC Number	Head Weight approx. oz./grams	Overall Length approx. in./mm	Shelf Pack	Master Pack	Weight lbs/kilos
